

The Smiths Building 179 Great Portland St Marylebone, W1W 5PL

Location:

The building is within walking distance of Great Portland Street tube as well as a 5 minute walk to Oxford Street for those who like to shop, with private office space, large lounge space and meeting rooms.

Description:

The building was built in 1913 for Smiths Industries. The building was opened to make the first ever Speedometer for the motor car. The well-known architects Stiff & Trevillion are working hard to pull some character back to the building. Expect a combination of industrial/contemporary style mixed with vintage/modern furniture and lighting.
