

201 Borough High Street London Bridge, SE1 1JA

Location:

Located opposite Borough underground and just a 2 minute walk to London Bridge, this 1980's building is great for commuters south of the river.

Description:

Architects Stiff & Trevillion have created a beautiful work space inside and out. The building offers a mix of individual offices, meeting rooms and shared workspace along with green roof gardens, rainwater harvesting, solar panels, onsite free gym, lots of secure bike storage and showers. Borough is a great area to stroll around, as it reveals its secrets to the walker. Towards London Bridge is the George Inn, which as the only galleried pub left in London deservedly belongs to the National Trust, and there's foodie-central Borough Market towards the river.
