

91-93 Great Eastern Street Shoreditch, EC2A 3HZ

Location:

Located in the heart of Shoreditch, the building is located 3 minute's walk from Old Street Station — Northern Line & National Rail Services. This is a popular location for tech firms, with a number of companies clustering around the 'Silicon Roundabout' and now emerging as 'the third-largest technology start-up cluster after San Francisco and New York City', Shoreditch is becoming 'the place' to do business.

Description:

This sensationally refurbished corner building is in the heart of Shoreditch, moments from Old Street station and the building boasts some amazing views from all floors, especially the 4th floor with its outdoor private wrap-around terrace and its 5th floor mezzanine level leading to an additional private roof terrace. Each office is air conditioned and has been given a sleek, contemporary treatment that combines smart minimalism with some beautiful fittings, including futuristic LED lighting suspended by minimal cabling to create the sense of light boxes floating overhead. A crisp pallet of white, black and natural wood runs throughout.
